«**Tavolini**» Company – a manufacturer of Hardwood Flooring, wooden Windows Doors and Tables in a highest quality.

The windows & doors factory existed since 1982. History of a parquet production began in 1994. Next, in the early 2000's we launched the «Tavolini» brand into the World parquet market.

Over the 22 years of working, the Company has produced more than 3 million square meters of hardwood flooring, including 1 million square meters of "Premium" and "Luxury" parquet.

The product range of «**Tavolini**»:

- Wooden Windows
- Wooden Doors
- Tables
- Solid and Engineered floorboards
- Chevron parquet
- «LehoFloors» - our innovative product
- Modular parquet
- Artistic parquet
- Intarsia
- Parquet Carpets

The variety of hardwood flooring and a rich palette of «Tavolini Floors» designs and treatments are based on a deep understanding of the product and the world market's demand.

The willingness to meet the partner's wishes allows us to build long-term relationships with dealers and distributors.

Chevron parquet

Chevron is a popular pattern used in flooring design. It has recently been in its heyday again. Chevron parquet by «Tavolini Floors» attracts the attention and captivates people by its elegant beauty.

The chevron laying was originated many centuries ago in France. The first samples of such laying appeared in the XVI century, while the first written records of it were found in the description of the Palace of Versailles. Today Chevron Parquet is at the peak of popularity again.

LA SCALA

CLASSICO

Modular parquet, both the simple geometric form and the complex pattern, can be made of different wood species using all kinds of treatments, namely: brushed, sawn, scrapped, and artificially aged.

Floor panels can be inlaid with metal, marble and ceramics. Finishing: varnish, oil-wax, unfinished.

Artistic parquet

«Tavolini Floors» offers a huge selection of artistic parquet of different styles. We use more than 50 wood species in order to create beautiful patterns.

The combination of different technological processes and manufacturing methods, such as: mechanical, electro-mechanical (CNC), and hand-cutting, makes it possible to produce hardwood patterns of any complexity and size.

Tavolini Design Studio can easily create parquet flooring design projects.

Our designers are known for their creativeness and are able to emphasize the exclusiveness of client`s interior and express their individual style.

Parquet Carpets

This Collection is based on replicated patterns of real Eastern Carpets of seven most recognizable weaving schools.

Most of these Carpets are the historical heritage of Eastern peoples, their originals are being kept in museums and private collections around the world.

*From the Museum...
...to the object - residence*

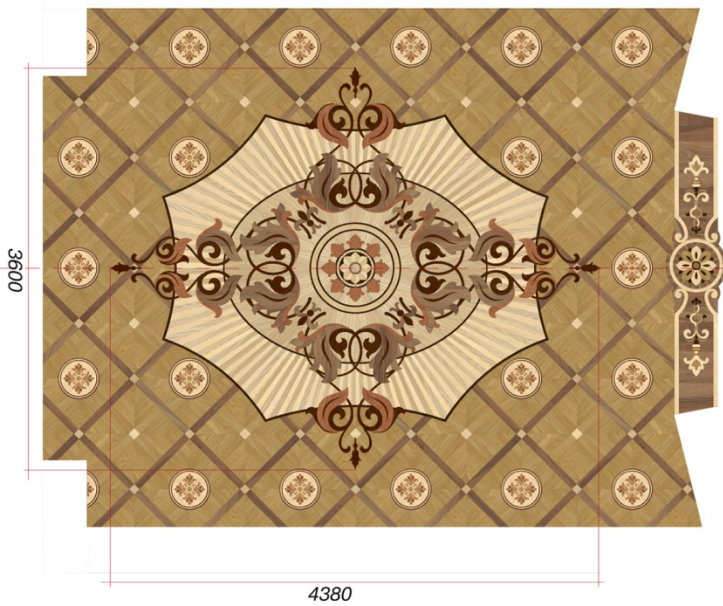

Collection «Parquet Carpets» by «Tavolini Floors» consists of more than 50 items.

1 square meter of Parquet Carpet can contain several thousands of elements and dozens of wood species.

Parquet Carpets can be made under the individual sizes by the customer's wishes with the full preservation of the proportions and pattern of the Original Carpet.

DESIGN PROJECTS

Our parquet flooring has been used in more than 1,000 of major projects: it decorates private residences and public institutions, creating an atmosphere of comfort, well-being and respectability.

Wooden Windows

The factory existed since 1982. We have set ourselves the goal of producing high quality woodwork using wood as a raw material.

The precision of execution, in-depth technological knowledge and knowledge of modern machining methods is reflected in high quality products, with unique designs, which are an element of interior design.

All of the **Tavolini Windows** are made to order only, with the principles of functional and aesthetic design. Reliability of the workmanship and the reliability of the implementation guarantee the timely continuation of the construction or repair and assurance of assembly of particular elements of joinery construction at a predetermined time.

Wooden Doors

We offer interior and exterior doors made of pine, mahogany, ash and oak. The use of high quality glued wood guarantees aesthetic qualities and the best thermal insulation properties.

The good thickness, "Bode" locks, "Domino" and "Linea Cali" handles, and "Otlav" furniture, which provide three-level adjustment, are an integral part of Tavolini Doors, guaranteeing durability, resistance to everyday wear and reliability.

The unique style provides our products with decorative elements in the form of intarsia and relief and glazing using translucent glass, matt and various types of stained glass.

Depending on individual needs, the door is impregnated and painted in any color according to the RAL palette or transparent ICA lacquers.
